MEMORANDUM FOR: Deputy for Operations

SUBJECT : U-2R Carrier Qualification

1. U-2R #055 was deployed to Lakehurst NAS, N. J. during the first week of September 1969 for the purpose of U-2R carrier qualification landings. Lakehurst NAS was selected as the site for qualification since the Mark VII arresting gear was available and since this is the same equipment used on U.S. carriers.

2. A total of 10 taxi arrestments were made prior to the two actual flight arrestments. [] Lockheed Aircraft Corp Representative, was in charge of the actual test at Lakehurst and, as of this date, an official LAC qualification report has not yet been received.

3. Subsequent to the Lakehurst test, T-2 pilot training was conducted at Pensacola NAS, Florida. All [] pilots have completed the necessary preliminary Navy T-2 training aboard aircraft carriers. [] LAC pilot, is also scheduled to complete this training by 3 October 1969. In addition, Field Carrier Landing Practice (FCLP) will be required for each pilot at [] This will take approximately five sorties per pilot for qualification prior to actual carrier landings.
